Sustainable Food, Green Chemistry and Human Nutrition (GreenNutriFood 2025)

Message from the Guest Editors

We are pleased to announce **GreenNutriFood 2025**—The 1st International Congress on Sustainable Food, Green Chemistry and Human Nutrition. **GreenNutriFood 2025** will be hosted by the University of Zagreb and Universitat de València in the city of **Dubrovnik (Srebreno), Croatia from 7 to 9 April 2025**.

<https://greennutrifood.pbf.hr/> The Congress will focus on examining the current challenges and emerging trends in the food sector, with a strong focus on food science and human nutrition, as well as on the use of green chemistry concepts, both in food processing and the circular economy. It aims to foster the development of innovative and sustainable processes that drive the transition towards resilient food systems, promoting food security and better nutrition, always considering the impact of green chemistry in the development of these new processes. These efforts will be closely aligned with the objectives of the European Green Deal and the Sustainable Development Goals.

Guest Editors

Prof. Dr. Mladen Brnčić

Prof. Dr. Antonela Ninčević Grassino

Dr. Jianjun Zhou

Dr. Andrea Asensio-Grau

Deadline for manuscript submissions

31 December 2025

About the Journal

Message from the Editor-in-Chief

It has been recognized in medical sciences that in order to prevent adverse effects of “oxidative stress” a balance exists between prooxidants and antioxidants in living systems. Imbalances are found in a variety of diseases and chronic health situations. Our journal *Antioxidants* serves as an authoritative source of information on current topics of research in the area of oxidative stress and antioxidant defense systems. The future is bright for antioxidant research and since 2012, *Antioxidants* has become a key forum for researchers to bring their findings to the forefront.

Editor-in-Chief

Prof. Dr. Alessandra Napolitano

Department of Chemical Sciences, University of Naples “Federico II”,
Via Cintia 4, I-80126 Naples, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, PubAg, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Chemistry, Medicinal) / CiteScore - Q1 (Food Science)
