

Special Issue

Targeting Antioxidants to Mitochondria: A Novel Therapeutic Direction

Message from the Guest Editors

This Special Issue welcomes the submission of papers either describing original research (in vitro, ex vivo and animal-based studies or clinical trials) or scientific literature reviews (including narrative reviews, systematic reviews, meta-analyses and opinion papers) covering novel insights on the effects of antioxidants in managing MDs. Papers describing novel mechanisms of action/targets will be profoundly appreciated.

Guest Editors

Prof. Dr. Mariano Stornaiuolo

Department of Pharmacy, University of Naples Federico II, Via Montesano 49, 80149 Naples, Italy

Dr. Giuseppe Annunziata

Department of Experimental Medicine, University of Campania Luigi Vanvitelli, Naples, Italy

Deadline for manuscript submissions

closed (20 July 2023)

About the Journal

Message from the Editor-in-Chief

It has been recognized in medical sciences that in order to prevent adverse effects of “oxidative stress” a balance exists between prooxidants and antioxidants in living systems. Imbalances are found in a variety of diseases and chronic health situations. Our journal *Antioxidants* serves as an authoritative source of information on current topics of research in the area of oxidative stress and antioxidant defense systems. The future is bright for antioxidant research and since 2012, *Antioxidants* has become a key forum for researchers to bring their findings to the forefront.

Editor-in-Chief

Prof. Dr. Alessandra Napolitano

Department of Chemical Sciences, University of Naples “Federico II”,
Via Cintia 4, I-80126 Naples, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, PubAg, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Chemistry, Medicinal) / CiteScore - Q1 (Food Science)
