Topical Collection

Fracture, Fatigue, and Wear

Message from the Collection Editor

We are expecting to solicit excellent contributions related to topics on "Fracture, Fatigue, and Wear", with a collection of peer-reviewed papers, which further develop researches within broader Topical Collection theme. We would like to invite you to contribute to this collection.

The overall objective of the Topical Collection "Fracture, Fatigue, and Wear" is to publish high quality research articles in fields related to Fracture Mechanics, Fatigue of Materials, Tribology and Wear of Materials. The Topical Collection covers industrial engineering applications of the above topics including theoretical and analytical methods, numerical simulations and experimental techniques.
