

## Special Issue

# Feature Papers in Fluid Mechanics

### Message from the Guest Editor

We are pleased to announce that *Applied Mechanics* is now compiling a collection of outstanding papers in the field of fluid mechanics. We welcome contributions from the material mechanics research community as well as recommendations from Editorial Board Members. The purpose of this Special Issue is to publish a set of papers that typify the most exceptional, insightful, influential, and original research articles or reviews. We expect these papers to be widely read and highly influential within the field. All papers in this Special Issue will be collated into a printed edition book after the deadline and will be well-promoted. We would also like to take this opportunity to call on more scholars to join the journal so that we can work together to further develop this exciting field of research.
