

Special Issue

Early Career Scientists 2025 (ECS 2025) Contributions to Applied Mechanics (3rd Edition)

Message from the Guest Editor

This Special Issue aims to provide an opportunity for early career scientists to share their valuable results with the scientific community. Manuscripts on all topics related to applied mechanics can be submitted. The subjects that can be addressed include, but are not limited to:

- Mechanics of solids;
- Static and dynamic of structures;
- Materials engineering;
- Mathematical modelling of structures and solids;
- Computer methods in engineering;
- Applications in civil engineering structures;
- Mechanical and aerospace structures;
- Fluid mechanics;
- Thermodynamics of materials;
- Biomechanics.

This Special Issue accepts manuscripts in the form of original research articles or reviews where the first author is an ECS (a student, a PhD candidate, or a post-doctoral researcher who received their PhD within the past 5 years). We will provide additional discounts on the processing charge upon request, as well as additional guidance on how to address reviewers' comments, and the publication process will be as transparent and efficient as possible.

Guest Editor

Prof. Dr. Magd Abdel Wahab

Laboratory Soete, Faculty of Engineering and Architecture, Ghent University, Technologiepark Zwijnaarde 903, B-9052 Zwijnaarde, Belgium

Deadline for manuscript submissions

20 December 2025

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid
by authors or their institutions.

High Visibility:

indexed within ESCI (Web of Science), Scopus and other
databases.

Journal Rank:

CiteScore - Q2 (Engineering (miscellaneous))
