Security, Privacy and Application in New Intelligence Techniques

Guest Editors:

Prof. Dr. Jian Xu
Software College, Northeastern University, Shenyang 110169, China

Dr. Ruijin Wang
School of Information and Software Engineering, University of Electronic Science and Technology, Chengdu 611731, China

Deadline for manuscript submissions:
20 November 2024

Message from the Guest Editors

This Special Issue is dedicated to the most recent developments and research outcomes addressing the related theoretical and practical aspects on security, privacy and application in new intelligence techniques, and the goal is to provide worldwide researchers and practitioners an ideal platform to innovate new solutions targeting at the corresponding key challenges. Original and unpublished high-quality research results are solicited to explore various challenging topics.

Special Issue

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica,
Politecnico di Milano, Piazza L.
da Vinci 32, 20133 Milano, Italy

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.
Journal Rank: JCR - Q2 (*Engineering, Multidisciplinary*) / CiteScore - Q1 (*General Engineering*)
