Message from the Guest Editors

Dear Colleagues,

This Special Issue is dedicated to the 8th International Conference on Advanced Robotics & Mechatronics (ICARM 2023) (<http://www.ieee-arm.org/>). Authors of outstanding papers related to "Advanced Robotics and Mechatronics", including mechatronics, robotics, automation, and sensors, will be invited to submit extended versions of their work to the Special Issue for publication.

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Engineering, Multidisciplinary*) / CiteScore - Q1 (*General Engineering*)
