

an Open Access Journal by MDPI

Renewable Energy Systems 2019

Guest Editors:

Prof. Dr. Francesco Calise

Department of Industrial Engineering, University of Naples Federico II, 80125 Naples, Italy

Prof. Dr. Massimo Dentice D'Accadia

Department of Industrial Engineering, University of Naples Federico II, P.le Tecchio 80, Naples, Italy

Dr. Maria Vicidomini

Department of Industrial Engineering, University of Naples Federico II, 80125 Naples, Italy

Deadline for manuscript submissions:

closed (31 July 2019)

Message from the Guest Editors

Dear Colleagues,

The Special Issue aims at collecting the most significant and recent studies dealing with the integration of renewable technologies into new or existing water, electricity, heating, and cooling networks. You are encouraged to submit manuscripts analyzing the possible utilization of renewables for multiple purposes (power production, heating, cooling, water management, transports), aiming at increasing the diffusion of such sources into our energy systems. Papers investigating novel electrical and thermal storage systems, as well as the adoption of electrical vehicles, are welcome, too.

Keywords

- renewable energy systems
- energy saving
- electrical and thermal storage
- simulation
- nexus energy-water

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Giulio Nicola CerulloDipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32, 20133 Milano, Italy

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
