Message from the Guest Editors

Dear Colleagues,

Recent advances in orthodontics and dental medicine is this new Special Issue will cover the new up-to-date research results from all areas in dentistry.

Academics, researchers, and professionals from all fields of dentistry are invited to publish review and original articles that will emphasise research work from orthodontics and dental medicine.

The topics that will be covered include: digital orthodontics, diagnosis, virtual treatment planning, digital dentistry, CBCT, orthodontic implants, adult orthodontics, preventive and interceptive treatment, orthognathic surgery, biomechanics, interdisciplinary treatment, aligners, esthetics in orthodontics, cephalometric analysis, biocompatibility, the cytotoxicity of dental and orthodontic materials, and finite elements analysis.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo

Dipartimento di Fisica,
Politecnico di Milano, Piazza L.
da Vinci 32, 20133 Milano, Italy

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
