### Message from the Guest Editor

Dear Colleagues,

We are pleased to announce a new Special Issue, entitled “Editorial Board Members’ Collection Series: Dental and Biological Materials”, which will be a collection of papers invited for publication by the Editorial Board Members.

This Special Issue aims to collect high-quality articles and the latest research results in the field of dental and biological materials and to provide a platform for networking and communication among scholars in the field of Oral Sciences. These materials include dental composites, nanocomposites, sealants, bonding agents, cements, etc. All papers will be fully open access upon publication after peer review.

## Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal *Applied Sciences* has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, Embase, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
