10th Anniversary of *Applied Sciences*: Invited Papers in "Optics and Lasers" Section

Message from the Guest Editors

Applied Sciences is going to reach a remarkable milestone by publishing its 10th volume, and in celebration of this special occasion, we have taken the initiative to launch a Special Issue called "10th Anniversary of *Applied Sciences*: Invited Papers in 'Optics and Lasers' Section". Among all sections of *Applied Sciences*, 'Optics and Lasers' section is doing extremely well, it appears, with 1033 articles published so far, along with 272 Special Issues. On this occasion, we would like to thank our all Editorial Board Members, Managing Editors, Reviewers, and Authors for their great contributions and continuous support. Please help us to celebrate our 10th anniversary and submit your review article to the Anniversary Edition. We would like to invite you to contribute a comprehensive **review** article or an original research paper, for peer-review and possible publication.

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal *Applied Sciences* has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.
