

Special Issue

Innovative Applications of Novel Natural Products in Medicinal and Agricultural Research

Message from the Guest Editor

We invite your contribution to our forthcoming Special Issue in Applied Sciences, titled "Innovative Applications of Novel Natural Products in Medicinal and Agricultural Research." This dynamic platform will showcase groundbreaking research, novel discoveries, and transformative applications of natural products. We welcome researchers and scientists in medicine and agriculture to share insights, advancing knowledge and addressing vital health and agricultural challenges. Our promise to readers includes an insightful collection of articles exploring nature's potential in enhancing human and environmental well-being, serving as a reference for researchers, practitioners, and policymakers seeking innovative solutions. Let's together uncover the untapped potential of natural products for a healthier, sustainable future.

Keyword: natural products; medicinal research; agricultural applications

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
