

Special Issue

New Technologies in Public Transport and Logistics

Message from the Guest Editor

“New Technologies in Public Transport and Logistics” is a Special Issue of *Applied Sciences* that focuses on innovations, trends, and developments in public transport and logistics. It contains articles, studies, and reviews on the latest technologies, strategies, and practices in these sectors. The journal covers a wide range of topics including intelligent transport systems, electric mobility, route optimization, vehicle tracking and management, sustainable transport, and other innovative approaches to improve the efficiency and sustainability of public transport and logistics. It is aimed at scientists, researchers, managers, practitioners, and professionals working in these fields who are looking for information on the latest technological advances and their applications in practice.

Guest Editor

Dr. Jaroslav Masek

Department of Railway Transport, Faculty of Operation and Economic of Transport and Communications, University of Žilina, Univerzitná 8215/1, 010 26 Žilina, Slovakia

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
