

Special Issue

Recent Advances and Applications Related to Light-Emitting Diodes

Message from the Guest Editors

We are pleased to announce a Special Issue entitled “Recent Advances and Applications Related to Light-emitting Diodes”. This Special Issue aims to collect high-quality original articles and reviews in the field of light-emitting diodes. We hope that all published papers will be widely read and highly influential in the field. The topics of interest for this Special Issue include, but are not limited to, the following:

- Novel LED materials and devices;
- Electronic lighting;
- LED lighting;
- Integrated circuits.
- Energy-saving.

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal *Applied Sciences* has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, Embase, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
