

Special Issue

Recent Advances in Dietary Supplements

Message from the Guest Editor

We are inviting submissions to the Special Issue on Dietary Supplements. Dietary supplements became part of our everyday life. The importance of maintaining a healthy lifestyle motivates consumers to use dietary supplements to support their physical and mental well-being. In this Special Issue, we invite submissions exploring cutting-edge research on vitamins and minerals and recent advances in the fields of dietary supplements. Overviews on trends in vitamin research are invited. Both theoretical and experimental studies are welcome. Papers describing the legal, marketing, educational and consumer aspects would contribute to the Special Issue by making it more comprehensive. Surveys and comprehensive reviews are welcome, too.

Keywords

- dietary supplements
- vitamin
- mineral
- nutraceutical foods
- functional foods
- malnutrition

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
