

Special Issue

Advanced Computer Security and Applied Cybersecurity

Message from the Guest Editors

This Special Issue is dedicated to advanced computer security and applied cybersecurity from the computer science, computer networks, and computer engineering perspective. Computer security and cybersecurity are nowadays transversal to multiple sectors and domains. So, solutions, methods, techniques, and development of technologies should evolve and adapt to the constant changes in cyberspace considering security and threats. Security researchers are required to create new solutions to address security challenges in this changing environment and combat advanced attacks on critical systems.

Guest Editors

Prof. Dr. Robson de Oliveira Albuquerque

Dr. João José Costa Gondim

Dr. Ana Lucila Sandoval Orozco

Deadline for manuscript submissions

20 October 2025

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
