

## Special Issue

# Pediatric Dentistry: Prevention, Diagnosis, and Treatment

### Message from the Guest Editor

I would like to invite you to submit a contribution to a Special Issue on "Pediatric Dentistry: Prevention, Diagnosis, and Treatment" in *Applied Sciences*. This Special Issue will focus on pediatric oral health and prevention and their impact on clinical practice, current oral health literacy... Preventive strategies should be implemented to reduce oral problems, due to the negative consequences on individuals and communities in terms of pain and suffering, functional impairments, and reduced quality of life. Psychosocial factors, such as improved awareness, knowledge, and attitudes toward dental health care in both children and adult patients, healthy or special needs ones, are included in general health status improvements. Adopting multi-, inter-, and transdisciplinary perspectives and a systems approach, expected submissions will cover the following topics:

- Oral prevention and oral healthcare management;
- Systems management for sustainability in oral healthcare organizations;
- Knowledge management in oral healthcare organizations;
- Education for oral healthcare sustainability;
- New technologies for oral healthcare sustainability

---

## About the Journal

### Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal *Applied Sciences* has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, Embase, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (Fluid Flow and Transfer Processes)
