

Special Issue

Advances in Cloud/Edge Computing: AI, Application, Blockchain and Security

Message from the Guest Editors

Cloud/Edge computing is evolving to accommodate new services/applications and technologies aligned with AI and blockchain. With AI services that offer various capabilities, and blockchain ensuring data integrity, these cutting-edge technologies each demand significant computing power. To meet these requirements, Cloud/Edge computing plays an important role, along with security considerations. This Special Issue aims to facilitate the exchange of ideas and the sharing of the latest research results among researchers from various fields. We are pleased to invite you to submit your work to this Special Issue. In this Special Issue, original research articles and reviews are welcome for submission. Research areas may include (but are not limited to) the following:

- Cloud/edge computing;
- Cloud/edge applications;
- Distributed applications;
- Smart contracts;
- Security;
- AI as a service;
- Blockchain as a service. We look forward to receiving your contributions

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal *Applied Sciences* has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, Embase, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
