Latest Advances and Prospects in Multi-Agent Systems

Message from the Guest Editor

This Special Issue comprises selected papers from the Proceedings of the 1st International Electronic Conference on Applied Sciences (ASEC2020)–sub-session "Multi-agent Systems", held on 10–30 November 2020 on sciforum.net, an online platform for hosting scholarly e-conferences and discussion groups. In addition to selected papers from the e-conference, any other authors are welcome to submit excellent contributions on multi-agent systems to this Special Issue

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.
