

Special Issue

Advances in Surface Modification of the Materials

Message from the Guest Editor

This Special Issue intends to gather original scientific peer-reviewed articles and review articles featuring important and recent developments or achievements of surface modifications with a special emphasis on real or potential applications. The authors are well-known experts in their domain who are invited to submit their contribution at any moment from now to the end of May 2020. The papers can cover either experimental or theoretical aspects or both. Thermal spray, laser and plasma cladding, friction surfacing of the materials and surface characterization, etc. of modern engineer materials.

Guest Editor

Prof. Dr. Tomasz Chmielewski

Institute of Manufacturing Technologies, Warsaw University of Technology, 85 Narbutta Str., 02-524 Warsaw, Poland

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
