

Special Issue

Feature Review Papers in Agricultural Science and Technology

Message from the Guest Editors

This Special Issue, “Feature Review Papers in Section Agricultural Science and Technology”, will collect review papers in all the areas of interest related to “Agricultural Science and Technology”

(https://www.mdpi.com/journal/applsci/sections/Agricultural_Engineering). We welcome multidisciplinary research in the following fields: Applied agricultural sciences: crop production, crop protection, food sciences and food technology, irrigation, agricultural statistics, and bioinformatics. Applied agricultural technology: farm structure, farm power and machinery, irrigation and drainage, engineering of land and water resources, aquaculture and fisheries, renewable energy, agro-industrial engineering, horticultural and greenhouse engineering, pre- and post-harvest engineering, environment and agricultural information technology, etc.

Guest Editors

Dr. Claudio De Pasquale

Department of Agricultural, Food and Forest Sciences (SAAF),
University of Palermo, Viale delle Scienze, 90128 Palermo, Italy

Dr. Natalija Topić Popović

Ruder Bošković Institute, Laboratory for Aquaculture Biotechnology,
Zagreb, Croatia

Deadline for manuscript submissions

closed (31 October 2025)

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal *Applied Sciences* has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, Embase, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (Fluid Flow and Transfer Processes)
