Frontiers in Nanophotonics 2019

Message from the Guest Editors

The 11th International Conference on Nanophotonics (ICNP 2018) has been successfully held on 2–5 July, 2018, at Wrocław, Poland. /Applied Sciences/ (IF=1.689; fully Open Access) is peer-reviewed and featuring optics. It ranks 1st in optic/laser/photonics category among all MDPI flagship journals. As one of the Editorial Board Members, I am very pleased to announce that the Special Issue of "Frontiers in Nanophotonics" will be published in Column "Optics and Lasers". This Special Issue is expected to select excellent papers both from and out of the conference. Submissions will be given full consideration. After this Special Issue is closed, we will make into an E-book and real book, for a wider distribution. See

<http://www.mdpi.com/books/pdfview/book/250> (with ISBN number) The real book will be available both online (Amazon, eBookMall, Apple Books...) and offline. We look forward to reading your papers. Prof. Dr. Joseph W Haus;

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.
