

Special Issue

Selected Papers from ICAMSME 2022

Message from the Guest Editors

The International Conference on Advanced Materials, Structures and Mechanical Engineering ([ICAMSME 2022](#)) will take place at Incheon National University, Incheon, South-Korea, March 18–20, 2022. The ICAMSME is an annual conference aimed at presenting the current research being carried out in the fields of materials, structures, and mechanical engineering. The idea of the conference is for scientists, scholars, engineers, and students from universities, research institutes, and industries all around the world to present their ongoing research activities.

Special Issue papers can only be accepted through conference paper submission. It is envisaged that this conference will allow for the free exchange of ideas and challenges among participants and encourage future collaboration between members of these groups. The conference will also foster cooperation among organizations and researchers involved in the merging fields and provide in-depth technical presentations with abundant opportunities for individual discussions with the presenters.

Guest Editors

Prof. Dr. Jong Wan Hu

Department of Civil and Environmental Engineering, Incheon National University, Incheon, Republic of Korea

Dr. Junwon Seo

Associate Professor, Department of Civil and Environmental Engineering, South Dakota State University, Brookings, SD 57007, USA

Deadline for manuscript submissions

closed (30 June 2022)

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
