

Special Issue

Advances in Intelligent Internet of Things

Message from the Guest Editors

The focus of this Special Issue will be on a broad range of topics including the internet of things, machine learning, and data fusion, involving the introduction and development of new advanced theoretical algorithms and experimental application. Potential topics include, but are not limited to:

- Internet of things: machine learning and artificial-intelligence-driven applications;
- Chatbots technology;
- Natural language processing;
- Autonomous vehicle technology;
- Wearable sensors and IoT for monitoring and computing;
- Pervasive mobile computing and wireless sensor networks: communication and applications;
- Human-computer interaction for context awareness;
- Edge computing for efficient perception;
- Cyber-physical-social systems and constructs;
- Other emerging applications of intelligent internet of things.

Guest Editors

Dr. Bo Wei

Department of Computer and Information Sciences, Northumbria University, Newcastle upon Tyne, UK

Prof. Dr. Wai Lok Woo

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal *Applied Sciences* has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, Embase, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
