Recent Advances in the Processing of Milk and Milk Products

Message from the Guest Editors

Milk and dairy products are important components of our diet. We are observing changes in their production and acquisition. The dairy industry follows trends and adapts to the needs of the market and consumers. In this SI, we encourage the submission of review articles and original papers on a new approach to dairy production, including milk processing techniques, new recipes, innovative solutions, the assessment of the microbiological and hygienic quality of milk, alternative ingredients and substitutes for milk compounds, and more.

Guest Editors

Dr. Lidia Stasiak-Róžańska

Dr. Monika Garbowska

Prof. Dr. Antoni Stanisław Pluta

Dr. Anna Berthold-Pluta

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
