

Special Issue

Applied Sciences in Dentistry

Message from the Guest Editors

Applied sciences in dentistry aims to cover all the latest outstanding developments of applied sciences in dentistry. This Special Issue will describe recent research and developments in the field of dentistry.

Applied sciences in dentistry is an interdisciplinary field that combines the principles of medical and material sciences, towards the development of therapeutic strategies in dentistry. The study of applied sciences has yielded the development of new treatment opportunities in dentistry. The objective of this Special Issue is to present some research underlying new diagnostic and therapeutic methods useful in dentistry and, in the current scenario, challenges and perspectives in dentistry. The growth of pharmaceuticals and biomaterials as a research field has provided a novel set of therapeutic strategies for dental applications. The knowledge that has arisen from studies in the dental area may translate into new methods for caring or improving the alternatives used to treat patients in daily clinics.

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
