

Special Issue

THz Spectroscopy Method for Substance Detection and Its Identification

Message from the Guest Editor

It is a great pleasure, and an honor, to present this Special Issue of *Applied Sciences*. The THz band of frequencies is attracting increased interest from the military, security, and medical fields mainly due to the THz signatures. The spectral signatures of threats have become well known to exploit them for security screening purposes. Using machine recognition techniques increases the threat recognition rate. There are some demonstrations of successful applications of THz TDS for food quality control as well as oil quality control. Further developing THz TDS methods allows enhancing the efficiency of the detection and identification of the substance and extending of THz spectroscopy application field. You are cordially invited to submit **your original research or review papers** to this Special Issue. All papers need to present original, previously-unpublished work and will be subject to the normal standards and peer-review processes of this journal.

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal *Applied Sciences* has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
