

## Special Issue

# The Geophysical Method Applied in Engineering and Environment-Related Fields

### Message from the Guest Editors

This Special Issue is devoted to the application of the geophysical method in various research fields whose studies not only contain theoretical calculations and forward the inversion method but also include geophysical equipment. As a result, we hope to receive high-quality manuscripts and provide an opportunity to improve existing research in the relevant fields.

---

### Guest Editors

Prof. Dr. Benyu Su

School of Safety Engineering, China University of Mining and Technology, Xuzhou 221116, China

Dr. Rujun Chen

School of Geoscience and Info-Physics, Central South University, Changsha 410083, China

---

### Deadline for manuscript submissions

closed (20 March 2025)

## About the Journal

### Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

---

### Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo  
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,  
20133 Milano, Italy

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering )
