Biomedical Ultrasound

Message from the Guest Editor

Although ultrasound is already recognized as an indispensable tool in every biomedical field, recently, some remarkable developments have been seen in other modalities. To raise the quality and accuracy of biomedical diagnosis and therapy, and, in addition, to compensate for the limitations and weaknesses between the modalities, further developments of biomedical ultrasound are highly anticipated. From the point of view, scientific papers from wider area related to "Biomedical Ultrasound" are greatly solicited.

Guest Editor

Dr. Kohji Masuda

Bio-Applications and Systems Engineering (BASE), Tokyo University of Agriculture & Technology, 2-24, Nakacho, Koganei, Tokyo 184-8588, Japan

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
