

Special Issue

Soundscape in Architecture

Message from the Guest Editors

Soundscape and Architecture is a special issue which then wishes to gather major publications on projects and achievements, which, from a theoretical and practical point of view, make innovative proposals on this issue: publishers expect a series of scientists papers who show the close links that architecture has with the soundscape. The area covered by the architecture of course refers to the buildings and its surroundings, but this special issue also wants to read proposals on the design of outdoor spaces and especially public spaces. The soundscape is analyzed according to its quantitative and qualitative dimensions and the proposed papers will highlight their multidisciplinary approaches (engineering sciences, building sciences, human and social sciences). Particular attention will be given to papers that show how architecture is constructed and drawn by soundscapes but also how soundscapes are produced and shaped by architecture. Dr. Vogiatzis Konstantinos

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal *Applied Sciences* has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, Embase, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
