

## Special Issue

# Applied Research on Water Treatment by Onsite Wastewater Management and Agricultural and Stormwater Control Measures at Varying Spatial Scales

### Message from the Guest Editors

Greetings environmental science researchers! We encourage your contributions to the Special Issue of the scientific journal, *Applied Sciences*. This Special Issue will focus on the treatment of wastewater, stormwater, and agricultural drainage through various treatment technologies and methods. Experimental and observational studies that document reductions in the concentration or mass load of contaminants in wastewater, stormwater, and agricultural drainage are being solicited. Observational studies at the site, landscape, and/or watershed scale are of increased interest. Short communications and full length, completed studies describing treatment processes and treatment technologies will be considered. **Keywords:**

- Wastewater
- Stormwater
- Agriculture
- Nutrients
- Bacteria
- Sediment

### Guest Editors

Prof. Dr. Charles Humphrey

Environmental Health Sciences Program, Department of Health Education and Promotion, College of Health and Human Performance, East Carolina University, Greenville, NC 27858, USA

Dr. Guy Iverson

Environmental Health Program, East Carolina University, Greenville, NC 27858, USA

### Deadline for manuscript submissions

closed (31 December 2021)

## About the Journal

### Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering )
