

## Special Issue

# Feature Papers in Aquaculture 2022

### Message from the Guest Editors

This Special Issue titled “Feature Papers in Aquaculture” is designed to celebrate the founding of the open-access journal *Aquaculture Journal* (ISSN 2673-9496, <https://www.mdpi.com/journal/aquacj>). The scope of this Special Issue covers all aspects of aquaculture-related aquatic science, including aquatic organisms, aquatic animal nutrition, aquatic environments, organic aquaculture, aquatic-related industries, techniques/technologies applied in aquatic resources and environments, etc. This Special Issue will comprise a collection of high-quality papers published free of charge in open-access form by Editorial Board Members and authors personally invited by the and Editorial Office. Both original research articles and comprehensive review papers are welcome.

## About the Journal

### Message from the Editor-in-Chief

*Aquaculture Journal* (ISSN 2673-9496) is an international, peer-reviewed open access journal for research and studies on all aspects of aquaculture-related aquatic science, covering subject areas such as aquatic organisms, aquatic environments, aquatic-related industries, and techniques/technologies, as well as legislation/policy applied in aquatic resources. The journal accepts research articles, reviews, editorials, and communications, but other article types will also be considered.
