Feature Paper Collection in Applied System Innovation

Message from the Collection Editor

This Feature Paper Collection of Applied System Innovation will be published in *Applied System Innovation* (ISSN 2571-5577), and is dedicated to the publication and discussion of research articles, letters, reviews, and communications on all aspects of integrated engineering and technology that provide insights and address challenges in systems. Contributions will focus on the fundamentals and application of industries and engineering and will emphasize the potential of the covered subjects in addressing these important societal challenges. We welcome reviews and outstanding articles to this Feature Paper Collection in order to improve the current knowledge on Applied System Innovation. We look forward to receiving your contributions.
