

Applied Mathematics and Information Sciences

Guest Editors:

Dr. Cheng-Shian Lin

Dr. Chien-Chang Chen

Prof. Dr. Yi-Hsien Wang

Deadline for manuscript
submissions:
closed (20 December 2023)

Message from the Guest Editors

In this Special Issue, we deal with research developments in various areas of applied mathematics and/or the application of artificial intelligence, statistical models, etc., to improve the state-of-the-art problems in the information science field. We will welcome and collect theoretical and applied contributions for this Special Issue. Relevant topics include, but are not limited to, the following:

- Intelligent (multimedia) systems;
- Deep learning;
- Evolutionary computing;
- Big data analysis;
- Financial technology;
- Econometric model;
- Quantitative model;
- Business intelligence;
- Decision science analysis.

an Open Access Journal by MDPI

Department of Statistics,
Computer Science and
Mathematics, Public University of
Navarra, 31006 Pamplona, Spain

Message from the Editor-in-Chief

Axioms is dedicated to the foundations (structure and axiomatic basis, in particular) of mathematical theories, not only from a crisp or strictly classical sense, but also from a fuzzy and generalized sense. This includes the more innovative current scientific trends, devoted to discover and solve new challenging problems. The prime goal of *Axioms* is to publish first-class, original research articles under an open access policy with minimal fees for the authors. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility: indexed within SCIE (Web of Science), dblp, and other databases.

Journal Rank: JCR - Q2 (Mathematics, Applied)
