

Type-2 Fuzzy Logic: Theory, Algorithms and Applications

Guest Editor:

Prof. Dr. Oscar Castillo

Division of Graduate Studies and
Research, Tijuana Institute of
Technology, Tijuana 22414,
Mexico

Deadline for manuscript
submissions:

closed (20 December 2019)

Message from the Guest Editor

This Special Issue aims to introduce cutting-edge research concepts on type-2 fuzzy sets (T2 FSs) and systems and their applications in a number of emerging systems including (but not limited to) the following:

- T2 FS-based uncertainty modelling in Cyber-physical systems
- Social network analysis under T2 fuzzy uncertainty
- T2 FLSs in cyber security
- T2 FS-based uncertainty modelling in big data analytics
- Multi-media applications with fuzzy uncertainty
- T2 FSs for image processing
- T2 FSs in evolutionary optimization
- T2 FSs and T2 FLSs in machine learning
- T2 FSs and T2 FLSs deep learning
- T2 FLSs for power systems
- T2 FSs for energy optimization
- T2 FSs and T2 FLSs green computing
- T2 FS-based uncertainty modelling vehicle routing problem
- And other application areas with T2 FS-based uncertainty modelling

an Open Access Journal by MDPI

Computer Science and
Mathematics, Public University of
Navarra, 31006 Pamplona, Spain

Message from the Editor-in-Chief

Axioms is dedicated to the foundations (structure and axiomatic basis, in particular) of mathematical theories, not only from a crisp or strictly classical sense, but also from a fuzzy and generalized sense. This includes the more innovative current scientific trends, devoted to discover and solve new challenging problems. The prime goal of *Axioms* is to publish first-class, original research articles under an open access policy with minimal fees for the authors. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility: indexed within SCIE (Web of Science), dblp, and other databases.

Journal Rank: JCR - Q1 (Mathematics, Applied)
