

Special Issue

Control Theory and Control Systems: Algorithms and Methods

Message from the Guest Editors

We are accepting articles for a Special Issue of the journal *Axiomsc* (ISSN 2075-1680, <https://www.mdpi.com/journal/axioms>), titled "Control Theory and Control Systems: Algorithms and Methods". The subject of the journal is a collection of current research in the field of data processing obtained in monitoring systems for various media, a collection of modern technologies for modeling an experiment, and the results of large-scale engineering and geological experiments. The purpose of the journal is to provide a high-level platform for scientists and experts from all over the world to exchange and discuss the latest ideas and results within theoretical and practical research.

Guest Editors

Dr. Artem Bykov

1. Department of Data Analysis and Machine Learning, Financial University under the Government of the Russian Federation, Leningrad Avenue 49, 125993 Moscow, Russia

2. Department of Software Engineering, Murom Institute (Branch) of Vladimir State University, St. Orlovskaya 23, 602264 Murom, Russia

Dr. Svetlana Polukoshko

Scientific Research Institute "VSRC", Ventspils University of Applied Sciences, Inženieru 101, LV3601 Ventspils, Latvia

Deadline for manuscript submissions

closed (20 January 2024)

About the Journal

Message from the Editor-in-Chief

Axioms is dedicated to the foundations (structure and axiomatic basis, in particular) of mathematical theories, not only from a crisp or strictly classical sense, but also from a fuzzy and generalized sense. This includes the more innovative current scientific trends, devoted to discover and solve new challenging problems. The prime goal of *Axioms* is to publish first-class, original research articles under an open access policy with minimal fees for the authors. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Humberto Bustince

Department of Statistics, Computer Science and Mathematics, Public
University of Navarra, 31006 Pamplona, Spain

Author Benefits

Open Access

— free for readers, with article processing charges (APC) paid by authors or their institutions.
