Special Issue

New Trends in Differential and Difference Equations and Applications

Message from the Guest Editors

This Special Issue will accept high-quality articles containing original research results and survey articles of exceptional merit on new developments in the following topics: Ordinary and Partial Differential Equations Difference equations Integral and integrodifferential equations Boundary value problems Fractional Calculus and Applications Calculus on Time Scales and Applications Existence, uniqueness and multiplicity results by variational and/or topological methods Qualitative, asymptotic and oscillation properties. Fixed point theory Applications to real world phenomena.

2. Center for Research in Mathematics and Applications (CIMA), Institute for Advanced Studies and Research (IIFA), University of Évora, Rua Romão Ramalho, 59, 7000-671 Évora, Portugal

Dr. João Fialho

Department of Mathematics, British University of Vietnam, Ecopark Campus, 160000 Hung Yen, Hanoi, Vietnam

Deadline for manuscript submissions

closed (31 January 2019)

Axioms

About the Journal

Message from the Editor-in-Chief

Axioms is dedicated to the foundations (structure and axiomatic basis, in particular) of mathematical theories, not only from a crisp or strictly classical sense, but also from a fuzzy and generalized sense. This includes the more innovative current scientific trends, devoted to discover and solve new challenging problems. The prime goal of *Axioms* is to publish first-class, original research articles under an open access policy with minimal fees for the authors. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Humberto Bustince
Department of Statistics, Computer Science and Mathematics, Public University of Navarra, 31006 Pamplona, Spain

Author Benefits

Open Access
— free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility:
indexed within SCIE (Web of Science), dblp, and other databases.

Journal Rank:
JCR - Q2 (Mathematics, Applied)
