

Special Issue

Batteries. 10th Anniversary

Message from the Guest Editor

To celebrate the 10th anniversary of *Batteries*, we are pleased to announce a Special Issue dedicated to the latest advancements in energy storage technologies. Over the years, *Batteries* has been at the forefront of publishing cutting-edge research on battery materials, technologies, and applications. This Special Issue aims to highlight recent breakthroughs, emerging trends, and future directions in the field of energy storage. We invite researchers to contribute original research articles, reviews, and perspectives that address key challenges and opportunities in battery science and technology. Topics of interest include, but are not limited to, the following:

- Advanced battery materials and interfaces
- Next-generation batteries
- Battery safety, diagnostics, and management
- Batteries systems and applications
- Battery manufacturing, recycling, and sustainability

Guest Editor

Prof. Dr. Karim Zaghib

Department of Chemical and Materials Engineering, Concordia University, Montréal, QC H3G 1M8, Canada

Deadline for manuscript submissions

31 December 2025

About the Journal

Message from the Editor-in-Chief

Take the opportunity to publish your original scientific work or a review paper concerning battery materials, battery technology or battery application within this new open access journal. Along with material science, the journal also addresses engineering and multidisciplinary research topics, such as cell and system design or storage system integration. Publishing proffers visibility for the benefit of other experts and facilitates discussion of the research results within the field. You are invited to publish your work, read published papers and to participate in topical discussions.

Editor-in-Chief

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Electrochemistry) / CiteScore - Q1 (Electrical and Electronic Engineering)
