

Special Issue

Feature Papers to Celebrate the First Impact Factor of *Batteries*

Message from the Guest Editors

It is our great pleasure to announce that *Batteries* (ISSN: 2313-0105) has received its first impact factor of 5.938, as published in the 2021 edition of the Journal Citation Reports® (Clarivate), released in June 2022. To celebrate this wonderful achievement, we are launching this Special Issue to publish top-quality papers from Editorial Board Members and leading researchers invited by the editorial team. Papers could be both long research papers and review papers describing the current state of the art in one of the areas covered by the journal. All of the papers will be published in open access. If you are interested in publishing your work in the Special Issue, please contact us or the Editorial Office at .

About the Journal

Message from the Editor-in-Chief

Take the opportunity to publish your original scientific work or a review paper concerning battery materials, battery technology or battery application within this new open access journal. Along with material science, the journal also addresses engineering and multidisciplinary research topics, such as cell and system design or storage system integration. Publishing proffers visibility for the benefit of other experts and facilitates discussion of the research results within the field. You are invited to publish your work, read published papers and to participate in topical discussions.

Editor-in-Chief

Prof. Dr. Karim Zaghib

Department of Chemical and Materials Engineering, Concordia
University, Montréal, QC H3G 1M8, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Electrochemistry) / CiteScore - Q1 (Electrical and Electronic Engineering)
