

Special Issue

The Psychological Aspects of Sexual Dysfunctions

Message from the Guest Editor

Psychological treatments for sexual dysfunctions have progressed over the years, reflecting societal changes and advances in therapeutic strategies. The efficacy rates in the different sexual difficulties range from 50 to 80%, contributing to improved sexual health and overall well-being. However, relapse rates still highlight the importance of addressing and knowing the psychological processes related to sexual response and satisfaction. Therefore, research into these processes is necessary to improve treatment protocols and long-term outcomes further and reduce relapse rates. This Special Issue welcomes empirical research and review papers that contribute to a more profound knowledge of the role and processes of psychological dimensions in the context of sexual dysfunctions. Abstract submission deadline: October 31, 2024

Notification of abstract acceptance: November 15, 2024

Proposed submission deadline: 31 March, 2025

About the Journal

Message from the Editor-in-Chief

With warm greetings, it is a pleasure to invite you to contribute a research article or comprehensive review for consideration and publication in *Behavioral Sciences*. *Behavioral Sciences* is an international, scientific, open access journal providing an advanced forum for discussions and research regarding the intersection between psychiatry, neuroscience, psychology, cognitive and behavioral sciences, and behavioral biology. More information are available at: <https://www.mdpi.com/journal/behavsci>. We would be pleased to welcome you as one of our authors and have the opportunity to consider your work for publication.

Editor-in-Chief

Prof. Dr. Jerrell Cassady

Department of Educational Psychology, Ball State University, Muncie, IN 47306, USA

Author Benefits

High Visibility:

indexed within Scopus, SSCI (Web of Science), PubMed, PMC, PsycInfo, and other databases.

Journal Rank:

JCR - Q2 (Psychology, Multidisciplinary) / CiteScore - Q2 (Development)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 29.6 days after submission; acceptance to publication is undertaken in 3.4 days (median values for papers published in this journal in the first half of 2025).
