

Special Issue

Creative Methods, Images and Dreams in Psychotherapy: Methods, Processes and Results

Message from the Guest Editor

We welcome submissions to this Special Issue, either in the form of theoretical articles and empirical studies, or as review and meta-analyses which (a) develop theoretical process models of how creative methods, images and dreams support the process of change in psychotherapy; (b) investigate empirically processes of change in psychotherapies, making use of creative methods, images and dreams; (c) investigate empirically the efficacy and/or effectiveness of the use of creative methods, images and dreams in psychotherapies.

Keywords:

- creative methods in psychotherapy
- art therapy
- dreams in psychotherapy/dream interpretation
- images and imagination in psychotherapy
- process models
- efficacy/effectiveness studies

About the Journal

Message from the Editor-in-Chief

With warm greetings, it is a pleasure to invite you to contribute a research article or comprehensive review for consideration and publication in *Behavioral Sciences*. *Behavioral Sciences* is an international, scientific, open access journal providing an advanced forum for discussions and research regarding the intersection between psychiatry, neuroscience, psychology, cognitive and behavioral sciences, and behavioral biology. More information are available at: <https://www.mdpi.com/journal/behavsci>. We would be pleased to welcome you as one of our authors and have the opportunity to consider your work for publication.

Editor-in-Chief

Prof. Dr. Jerrell Cassady

Department of Educational Psychology, Ball State University, Muncie, IN 47306, USA

Author Benefits

High Visibility:

indexed within Scopus, SSCI (Web of Science), PubMed, PMC, PsycInfo, and other databases.

Journal Rank:

JCR - Q2 (Psychology, Multidisciplinary) / CiteScore - Q2 (Development)
