Special Issue

Exploring the Dynamics of Consumer Behavior in Digital Commerce

Message from the Guest Editor

Digital commerce sales are growing globally in every industry and region, and the challenges of digital commerce are swiftly changing. Businesses in digital commerce are adjusting to shifting consumer behavior and technological advancements. In the digital era, developing practical strategies for shifting consumer behaviors and addressing critical challenges are crucial for businesses in digital commerce. Our Special Issue explores diverse aspects of shifting consumer behavior in digital commerce and provides a comprehensive perspective on the key challenges. Scholars researching AI and automation, big data and machine learning, data security and algorithmic bias, augmented reality and virtual reality, mobile commerce, social commerce, cross-border e-commerce, cybersecurity, supply chain disruptions, and related obstacles in digital commerce are strongly encouraged to submit their work.

About the Journal

Message from the Editor-in-Chief

With warm greetings, it is a pleasure to invite you to contribute a research article or comprehensive review for consideration and publication in *Behavioral Sciences*. *Behavioral Sciences* is an international, scientific, open access journal providing an advanced forum for discussions and research regarding the intersection between psychiatry, neuroscience, psychology, cognitive and behavioral sciences, and behavioral biology. More information are available at: https://www.mdpi.com/journal/behavsci. We would be pleased to welcome you as one of our authors and have the opportunity to consider your work for publication.

Editor-in-Chief

Prof. Dr. Jerrell Cassady

Department of Educational Psychology, Ball State University, Muncie, IN 47306, USA
