Exploring Deep Links: Emotional Regulation, Psychological Symptomatology, and Addictions

Message from the Guest Editors

Emotional regulation and psychological symptomatology are fundamental pillars in understanding addictions. The ability to manage and control emotions effectively is crucial for mental well-being and healthy adaptation to stressful situations. When emotional regulation is compromised, individuals may turn to substances or addictive behaviors as a way to cope with emotional distress, thus perpetuating the addiction cycle. Moreover, addictions themselves can lead to a range of emotional and psychological challenges, exacerbating the need for effective emotional regulation. Given the significance of these topics, more studies are being conducted in this area. This Special Issue focuses on emotional regulation, the variety of psychological symptoms, and addictions with and without substance.

About the Journal

Message from the Editor-in-Chief

With warm greetings, it is a pleasure to invite you to contribute a research article or comprehensive review for consideration and publication in *Behavioral Sciences*. *Behavioral Sciences* is an international, scientific, open access journal providing an advanced forum for discussions and research regarding the intersection between psychiatry, neuroscience, psychology, cognitive and behavioral sciences, and behavioral biology. More information are available at: <https://www.mdpi.com/journal/behavsci>. We would be pleased to welcome you as one of our authors and have the opportunity to consider your work for publication.

Editor-in-Chief

Prof. Dr. Jerrell Cassady

Department of Educational Psychology, Ball State University, Muncie, IN 47306, USA

Author Benefits

High Visibility:

indexed within Scopus, SSCI (Web of Science), PubMed, PMC, PsycInfo, and other databases.

Journal Rank:

JCR - Q2 (Psychology, Multidisciplinary) / CiteScore - Q2 (Development)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 29.6 days after submission; acceptance to publication is undertaken in 3.4 days (median values for papers published in this journal in the first half of 2025).
