

## Special Issue

# Creativity in Education: Influencing Factors and Outcomes

### Message from the Guest Editor

This Special Issue is entitled “Creativity in Education: Influencing Factors and Outcomes”. This title clearly places a premium on the topic of creativity in education. Creativity is a positive outcome in education. This Special Issue will feature articles on factors that promote creativity and the outcomes that accompany educational practices that promote creativity. Articles that are appropriate for this Special Issue may be theoretical or empirical; they may deal with teaching issues, measurement issues, or any other issues that relate to creativity in education. One goal is that this Special Issue will present an exciting and stimulating compilation of articles on creativity in education.

## About the Journal

### Message from the Editor-in-Chief

With warm greetings, it is a pleasure to invite you to contribute a research article or comprehensive review for consideration and publication in *Behavioral Sciences*. *Behavioral Sciences* is an international, scientific, open access journal providing an advanced forum for discussions and research regarding the intersection between psychiatry, neuroscience, psychology, cognitive and behavioral sciences, and behavioral biology. More information are available at: <https://www.mdpi.com/journal/behavsci>. We would be pleased to welcome you as one of our authors and have the opportunity to consider your work for publication.
