Special Issue

Creativity in Education: Influencing Factors and Outcomes

Message from the Guest Editor

This Special Issue is entitled "Creativity in Education: Influencing Factors and Outcomes". This title clearly places a premium on the topic of creativity in education. Creativity is a positive outcome in education. This Special Issue will feature articles on factors that promote creativity and the outcomes that accompany educational practices that promote creativity. Articles that are appropriate for this Special Issue may be theoretical or empirical; they may deal with teaching issues, measurement issues, or any other issues that relate to creativity in education. One goal is that this Special Issue will present an exciting and stimulating compilation of articles on creativity in education.
