

Special Issue

Bilingual Aphasia

Message from the Guest Editor

This Special Issue provides an opportunity to report studies that aim to identify current issues in bilingual aphasia (following a stroke or neurodegeneration) regarding a range of topics, including assessment of the two languages, cross-language interactions of deficits, clinical outcomes, and non-linguistic deficits in bilingual patients with aphasia.

- bilingual aphasia
- language disorders
- cross-language deficits
- cross-language recovery
- progressive aphasia
- stroke aphasia
