Positive Humor: New Insights and Perspectives

Message from the Guest Editors

In the last few decades, there has been a growing interest in the positive power of humor, here broadly understood as an umbrella term including for example laughter, mirth, cheerfulness, playfulness, joy, funniness. In fact, positive humor plays a significant role in eliciting positive emotions, coping with stressful events, enhancing control over the problematic situation, predicting wellbeing and satisfaction, contributing to resilience. Approaching stressful situations with humor may promote a lighter or a new perspective, which in turn may positively impact emotion regulation, cognitive appraisal, and reappraisal of the demanding situation. Moreover, the use of positive humor may promote positive interpersonal relationships, group cohesion, and social support. In light of these premises, this Special Issue aims at advancing the literature on positive humor aimed at improving health and overall quality of life, from inter- and multi-disciplinary perspectives. We therefore welcome theoretical and/or empirical contributions that broaden knowledge on the protective functions of humor. Training programs for enhancing positive humor are also welcome.

About the Journal

Message from the Editor-in-Chief

With warm greetings, it is a pleasure to invite you to contribute a research article or comprehensive review for consideration and publication in *Behavioral Sciences*. *Behavioral Sciences* is an international, scientific, open access journal providing an advanced forum for discussions and research regarding the intersection between psychiatry, neuroscience, psychology, cognitive and behavioral sciences, and behavioral biology. More information are available at: <https://www.mdpi.com/journal/behavsci>. We would be pleased to welcome you as one of our authors and have the opportunity to consider your work for publication.

Editor-in-Chief

Prof. Dr. Jerrell Cassady

Department of Educational Psychology, Ball State University, Muncie, IN 47306, USA

Author Benefits

High Visibility:

indexed within Scopus, SSCI (Web of Science), PubMed, PMC, Embase, PsycInfo, and other databases.

Journal Rank:

JCR - Q2 (Psychology, Multidisciplinary) / CiteScore - Q2 (Development)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 32 days after submission; acceptance to publication is undertaken in 3.6 days (median values for papers published in this journal in the second half of 2025).
