## Biomaterial Scaffolds for Tissue Engineering

Guest Editors:

### Dr. Yong Mao

Associate Research Professor,  
Laboratory for Biomaterials  
Research, Department of  
Chemistry and Chemical Biology,  
Rutgers University, 145 Bevier  
Rd., Piscataway, NJ 08854, USA

### Dr. Joseph W. Freeman

Professor, Department of  
Biomedical Engineering, Rutgers  
University, Piscataway, NJ 08854,  
USA

Deadline for manuscript  
submissions:

**25 June 2024**

### Message from the Guest Editors

Dear Colleagues,

Biomaterials play a crucial role in the field of tissue engineering with widespread applications. Both naturally occurring biological materials and synthetic biocompatible materials have been harnessed as carriers for cells or signaling molecules. They also provide structure as scaffolds to support the growth and differentiation of endogenous or exogenous cells. The focus of this special issue is to present recent advancements and innovative strategies that leverage the properties of biomaterials to facilitate and enhance tissue engineering.

Dr. Yong Mao

Dr. Joseph W. Freeman

## Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Bioengineering* (ISSN 2306-5354). *Bioengineering* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. *Bioengineering* provides an advanced forum for the science and technology of bioengineering. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPlus / SciFinder, Inspec, and other databases.

**Journal Rank:** JCR - Q2 (*Engineering, Biomedical*)

**Rapid Publication:** manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 3.6 days (median values for papers published in this journal in the second half of 2023).
