2, 1130 Vienna, Austria

Deadline for manuscript  
submissions:

**closed (15 February 2025)**

### Message from the Guest Editors

Dear Colleagues,

The aim of this Special Issue is to discuss the efficiency of the whole product and process life cycle, from the raw materials and early screening stages to industrial scale production and final application. This Special Issue is a joint project of the journals *Microorganisms* and *Bioengineering* and focuses on contributions at the 6th BioProScale Symposium and 7th BioProScale Symposium, which were organized as a digital event from 29–31 March 2021 and 28–31 March 2022, but further contributions are also invited on the following subjects: Industrial-scale bioprocessing, process analytical technologies, high-throughput bioprocessing and automation, and bioprocesses for a circular economy.

The papers related to microbiology are welcome for *Microorganisms*, related to engineering and other fields are welcome for *Bioengineering*. The article processing charge (APC) for publication in *Bioengineering* is 2000 CHF (Swiss Francs).

Prof. Dr. Peter Neubauer  
Prof. Dr. Christoph Herwig  
*Guest Editors*

an Open Access Journal by MDPI

## Editor-in-Chief

**Prof. Dr. Anthony Guiseppi-Elie**

## Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Bioengineering* (ISSN 2306-5354). *Bioengineering* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. *Bioengineering* provides an advanced forum for the science and technology of bioengineering. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [CAPus / SciFinder](#), [Inspec](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Engineering, Biomedical)

**Rapid Publication:** manuscripts are peer-reviewed and a first decision is provided to authors approximately 19.2 days after submission; acceptance to publication is undertaken in 3.3 days (median values for papers published in this journal in the first half of 2025).
