

Special Issue

Machine Learning-Aided Medical Image Analysis

Message from the Guest Editors

The aim of this Special Issue, titled "Machine Learning-Aided Medical Image Analysis", is to showcase the latest advances in machine learning technologies that push the boundaries of medical image analysis. We invite contributions demonstrating the innovative use of machine learning approaches across various tasks in medical imaging. This includes, but is not limited to, image classification, semantic or instance segmentation, the development of interpretable artificial intelligence (AI)-based systems, radiomics-based image analysis, and the application of robust pre- and post-processing techniques to boost diagnostic accuracy and efficiency. Moreover, submissions exploring novel applications of machine learning in emerging imaging modalities, interdisciplinary studies combining ML with other fields (e.g., genomics, pathology), and studies focusing on the ethical considerations of using artificial intelligence in medical imaging are also welcome.

Guest Editors

Dr. Amirreza Mahbod

Assistant Professor, Research Center for Medical Image Analysis and Artificial Intelligence, Department of Medicine, Danube Private University, Krems an der Donau, Austria

Prof. Dr. Ramona Woitek

Research Center for Medical Image Analysis and Artificial Intelligence, Department of Medicine, Danube Private University, Krems an der Donau, Austria

Deadline for manuscript submissions

closed (15 December 2025)

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Bioengineering* (ISSN 2306-5354). *Bioengineering* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. *Bioengineering* provides an advanced forum for the science and technology of bioengineering. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Anthony Guiseppi-Elie

Department of Biomedical Engineering, Texas A&M University, College Station, TX 77843, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPIus / SciFinder, Inspec, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Biomedical)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the second half of 2025).
